## DO YOU NEED OR DO YOU WANT A SUNDAY SCHOOL

(Bibles, Literature, Supplies, Etc.)

The American Sunday School Union was organized in 1817. Thru its missionaries it has planted more than 132,000 Union and Denominational Sabbath Schools in our land out of which have grown many thousands of churches of different denominations. It has helped thousands of weak or rundown churches to regain their normal activities. Its missionaries are now working in every State in the Union, save two. They have made past efforts to keep a man in your midst and have one now whose heart goes out for the young generation in rural America.

The American Sunday School Union is the oldest society in the United States engaged in planting Sunday Schools and helping people, young and old, to study the Word diligently, to live happier and better Christian lives. It seeks to serve the people in rural neighborhoods, no difference how remote, where Sunday Schools are needed. Large schools are not always the best. The Society circulates Bibles and good books, interesting to everybody. If a family or an individual is not able to buy then a Bible or other good book is given on request. It helps the people of any community to begin and carry on either a Union or Denominational Sunday School and helps to make it a center of neighborhood life.

If you are interested in starting a Union Sunday School at a school house, church or other place, or a Denominational Sunday School at your own church anywhere in Knox County see Rev. I. L. Shelton, Missionary, American Sunday School Union, Call at Grant Drug Store, Barbourville and they will inform you where to find him in town.

No charges for his services will be made other than his conveyance to and from the nearest railroad station. If it is not possible to see him in person, you may write him at Barbourville, Ky., Box 188. If your Sunday School is now running and you desire to use the true Union Literature, write the Missionary.

Do your bit! Help your County!
